

TEXL Completes Milestone 500th GE90 Overhaul

In August 2018, Taikoo Engine Services (Xiamen) Co. Ltd “TEXL” celebrated its 500th GE90 Engine output since the company began operations in 2010.

TEXL has provided overhaul services for 20 operators worldwide and is a GE90 Authorized Service Provider and the GE90 Center of Excellence in the Asia region. TEXL performs full overhaul services on GE90 Series Engines including full Engine testing and component repair services.

TEXL celebrates the completion of its 500th GE90-110/115B engine output.
